VOLUME 5.

MARYVILLE, MISSOURI, WEDNESDAY, SEPT. 23, 1914

NO. 96.

## WAS NEAR FROST

TEMPERATURE WAS BUT 8 DEGREES ABOVE POSSIBLE FREEZE

## RECALLS '74 COLD SNAP

Pioneers Say Overcoats July 4, Beat All Records—Frozen Dew Drops Appeared Early Last Year.

Although it seemed cold enough to easily frost last night, no reports of such actions on the part of Dame Nature's bosom friend and helper, Jack Frost, have come into Maryville information bureaus today from the valleys and low places where the frozen dew drops usually make their first stand.

The mercury in thermometers over town was well down in the bulb when the early risers appeared this morning, but yet not quite close enough to the freezing mark to insure Jack Frost's initial visit for the fall season.

As way of explanation it might here be stated that he visited in Maryville last summer on September 19, for the first time following the hot period. It however, was not a "killing" frost, in fact, the first severe one did not come for several days following, according to Cooper Gooden, who maintains a weather "log book," as one of several hobbies.

### Conditions Were Right.

That it came within about eight or ten degrees of being cold enough to frost last night, is the opinion of J. R. Brink, local weather observer for the government. The lowest registration of the government thermometer last night was 46 degrees. "It seldom frosts at a higher temperature than 36 degrees, though occasionally it does at 38 degrees," said Mr. Brink in explanation this morning.

"The conditions have to be favorable and enough humidity present, just as in the case of a heavy dew, to bring frost at that temperature," continued Mr. Brink.

In direct contrast, and as a reminder that the summer just closed was far more favorable than the one preceding, it may be stated that there were nine days between July 14 and August 14, last year, that the thermometer registered at or above 100 degrees, while from August 14 to September 6, the last hot day, there were seventeen days in which the mercury batted one hundred or better in the shade around and in Maryville, according to Cooper Gooden.

### Predict Fall Week.

Therefore, the mercury went to 100 or better twenty-six different days during the summer of 1913 to but six times in the one just closed.

It appears that this part of Missouri will not be subject to frost for several days, according to the government weekly forecast. It promises a week of generally fair weather with temperatures ranging near or above the seasonal average for this part of the country. Precipitation will be generally light and local, it says.

Looking back forty years, Mr. Gooden and several other of Maryville's "old timers," congregated in the office of the county sheriff and became reminiscent. "Talk about cold weather at inopportune times," began Mr. Gooden. "I remember as though it were yesterday, the awful cold snap that hit Nodaway county on the Fourth of July of '74.

### Overcoats in July.

"We were holding the customary Independence day picnic and celebration in Shelton's grove in the north part of town, and people for miles and miles around would come to Maryville on those occasions to have a good time and be patriotic. Well, that year, everybody was wearing a big overcoat, mittens and caps at the Fourth of July celebration and big log fires were built up on the ground for the people to keep warm.

"Fact is, those few who had tried to brave the weather that day, in the customary summer garments, had to go home or stay indoors. It wasn't just cool, it was real down right cold. The cold drink stands closed up and some of the scheduled events were called off on account of the cold spell.

"It just lasted a few days though, and then the usual July brand of weather returned."

### Mrs. Kennell Improving.

Word has been received by the Maryville relatives of Mrs. Alfred Kennell of Campbell, Minn., who has been critically ill for the past week, that her condition is improved and hopes are now entertained for her recovery. Mrs. Kennell's father and sister, Julius Ellerman and daughter, Nora, of Clyde, were summoned to Campbell last week by her serious illness. Another sister, Mrs. John Shouley, lives at 403 East Thompson street.

### Visiting in St. Joseph.

Mrs. M. G. Tate and daughters, Jeanette and Julia, went to St. Joseph this morning to visit today and Thursday.

## RAND CONCERT PROGRAM.

Weekly Event of Thursday Night Will Continue Through October.

The regular band concert will be given at the court house park Thursday night as usual. If the weather continues mild, the concerts will be given during October, and longer, if practical. When the colder weather sets in, arrangements will be made for indoor concerts. The following is the program for tomorrow night:

March—"The Whip," Holzman.  
Patrol—"The Blue and Grey," Dalbey.

Intermezzo—"Minnehaha," Losey.

Fantasia on "My Old Kentucky Home," Dalbey.

Solos for cornet, clarinet and baritone.

Waltzes—"Mystic Dreams," Stickney.

"The Black Man," Sousa.

Descriptive Gallop—"An Indian Ride," Loetz.

March—"Willow Grove," Sorrentino.

## EASY TEST FOR ICE CREAM.

That Made From Skim Milk Melts Quickly In Mouth.

The chemists and physicists at the Kansas agricultural college, Manhattan, and Dr. S. J. Crumrine of the state board of health, have worked out a plan by which any one who patronizes the soda fountain or ice cream parlor may become an expert tester of ice cream.

If the cream melts in the mouth slowly and remains cold a long time, it contains a high percentage of butterfat, say the experts. On the contrary, if it melts quickly, comes rapidly to approximately the temperature of the mouth, the chances are that it is nothing more than a weak mixture of skim milk and water.

## MANY TO STATE FAIR.

Nodaway County Will Be Well Represented—The Program.

Judging by the interest being shown by residents of Maryville and other parts of Nodaway county, it will be well represented at the Missouri state fair to be held in Sedalia from next Saturday to October 3. Reduced rates on some of the railroads operating into Sedalia are expected.

Missouri's wonderful resources will be magnificently displayed and in addition a variety of amusement provided such as has never before been presented since the fair was first organized.

The million dollar live stock show; immense buildings filled to capacity and thirty acres of ground additionally covered with all kinds of modern machinery and farming apparatus; four night horse shows, Monday, Tuesday, Wednesday and Thursday nights; the famous Parker carnival and midway; Johnny Mack in thrilling balloon ascensions and parachute drops; agricultural lectures and demonstrations; better babies' contest; racing daily by the fastest horses in the country, many of them stepping the mile in 2:02 and 2:03; stock judging contests; the famous saddle horse stake on October 2 including entries of the world's greatest and classiest steeplechasers; automobile races with Bob Burman, world's famous speed king; Wild Bill Endicott, Billy Chandler and others on October 3, fills a program that will attract thousands of visitors from all quarters of Missouri and adjacent states.

Extraordinary vaudeville performances will amuse the crowd in the grand stand between racing heats and seemingly impossible feats, hazardous, skillful and novel features will dazzle and amaze the visitors.

Every day will be a big one and indications point to the largest attendance and keenest interest in the history of the fair.

Saturday, September 26, is opening day.

Sunday, September 27, Natiello's famous band, including celebrated instrumental soloists, noted opera soloists and a quartet of singers, will give a sacred concert. The band will give daily concerts during the fair at the live stock pavilion, grand stand and at the night horse shows.

Monday, September 28, is Missouri school day, when school children 12 years old and under will be admitted free.

Tuesday, September 29, is Sedalia day and will be one of the really big days of the week.

Wednesday, September 30, is Kansas City day and assurance is given of an immense delegation from Kansas City, Jackson county and intermediate points.

Thursday, October 1, is Governor's day. Governor Major will deliver an address at the live stock pavilion in the forenoon, and with other state officials will enjoy the fair.

Friday, October 2, is live stock day, when the world's famous saddle horse show will be held in front of the grand stand.

Saturday, October 3, automobile day, closes the fair. Dare devil drivers of high power racing autos will thrill the crowds and automobilists from everywhere will attend to witness the daring events.

## THEY WANT PEACE

GERMANS ABHOR WAR, YET FIGHT FOR PRINCIPLE.

## NOT SORRY IF WHIPPED

Teutonic Normal Students Assert Fatherland Believes It Is Right—Receive Letter From Home.

"The Germans want peace—they abhor war, but they feel that they are in the right and will fight until the last man drops, if necessary, to save the country's honor." Pretty Miss Clara Meyer, a freshman normal student said it with undue emphasis, as she cleared away the supper dishes at a Maryville boarding house, where she and her sister, Miss Marie Meyer, work for their "keepers," more for experience than necessity.

"I don't know that all of my native countrymen are so strong for peace, but I know the attitude of my own relations and friends," continued Miss Meyer as she proceeded to show her skill in domestic science. "My mother is, of course, strongly against the present warfare, because my only brother is an officer in the German navy, and is every day in danger of being blown sky-high."

### Reports Are False.

This opening of the heart to show the true feeling of that strong Teutonic race was brought about after the Germanic lassies had finished reading a long-looked for and long-delayed letter from their mother in Berlin. It had been sent August 22, but on account of the war and resulting censorship and delays, did not reach here for many a day. As it was, it bore stamps, signatures, and ink besmeared thumb marks galore, and had evidently been opened and the contents read thrice over at least.

In part it says: "The German houses are decorated with flags which are the signs of victory. The German schools are closed and everybody is enjoying the great victory of the Germans over the French. Everyone is rejoicing and the enthusiasm is great."

"You are surely falsely instructed from the English and French people who are our enemies and would naturally report in their own favor. The Germans win many battles for which they get no credit."

### Cuts Out Crown Prince.

The letter goes on to state that their German mamma went to Kiel, a north German harbor much in print at present, where the Misses Meyer's brother is an "oberlieutenant" on a German torpedo boat. While there the brother sailed with a German flotilla to Mecklenburg, on the Baltic.

"He is the best looking fellow in Germany and even 'cuts out' (showing the knack at catching our own phrases) the German crown prince," said Miss Marie Meyer in earnest, though apparently joking. "All American girls are crazy about him, but unfortunately he has chosen a sweet German maiden for his wife."

The Misses Meyer, in explanation, are not new in this country. They spent two years at the University of Missouri and a few days ago came to Maryville to take up normal work here. Both are gifted in music and voice and have acquired a creditable knowledge of our language.

### Business Bug Busy.

But the business instinct of the American girl already has entered the brainy heads of the Misses Meyer. "I am anxious to get into business. I don't like hum-drum work like teaching," said Miss Clara. "When I finish here I would like to start a career at Columbia or Maryville. Miss Marie is imbued with the journalistic fever and desires to become connected with some German paper."

The difference of customs in the two countries was shown. "Girls in Germany are not allowed the company of a young man at any time, unless she is also accompanied by one of her parents. But there is no restriction, as in this country, as to when they shall return from an entertainment. To return at 6 o'clock in the morning from a dance or social affair is nothing unusual, in fact, it is customary."

### Breakdown of Enemy.

A short relation of a battle last month between the Germans and the French between the fortress of Metz and the Vogesen mountains, which appeared in the "Berliner Tageblatt" of

Berlin, August 21, and forwarded to the Misses Meyer, is followed up by this:

"Till now more than ten thousand French were taken prisoners and about fifty pieces of armament were captured. The size of the defeated hostile forces were estimated to be more than eight army corps. With eight army corps on the flight, it is only a defeat, but it is a breakdown of the enemy."

"In the history of our magnificent army, the days of August 20 and 21 are added to the glorious August days of 1870." (Referring to the Franco-Prussian war.)

## SEES DANGER IN DRAG.

Burlington Official Suggests Flanging At Rails After Improvement.

W. A. Card of St. Joseph, superintendent of this, the St. Joseph division of the Burlington railroad, has issued a warning to all section foremen, and advises county engineers and others, to clean all dirt from between the rail and the crossing plank at intersections of the railroad and a vehicle road, after dragging across the track.

In a letter to John H. Clary, county highway engineer, Mr. Card says in part:

"We are all very much in favor of the good road proposition, but I am very anxious to avoid accidents."

"It is very dangerous, indeed, to pull a heavy drag over a highway crossing and then fall to go back and flange out between the rail and the crossing plank. It might result in a derailment of either a freight or passenger train—if the latter, possibly mean a loss of life or serious injury to a lot of people."

"I know all realize the importance of doing this, but it is the men who are actually doing the work that we have to watch. If you are doing any of this kind of work this season or contemplate doing some next season, don't put it off as it may result seriously."

"The section foremen have been requested to watch it closely and will gladly co-operate with you in any way which you suggest to them."

## Quiltman.

Mrs. Lester Linville visited Friday with her mother, Mrs. Shrewsbury. D. C. Johnston and daughter, Lena, visited Saturday with his daughter, Mrs. Glenn Jones.

Mr. and Mrs. Mark Logan and son, Elsie, and daughter, Mabel, spent Sunday at the home of Mr. and Mrs. Thomas Deffenbaugh, west of Quitman.

Miss Fannie Devers of Skidmore spent Sunday with Mrs. Lester Linville.

Mr. and Mrs. Jerome Cross and daughter visited Sunday with Mr. and Mrs. Thomas Walton and family.

Mr. Elmer Daise spent Friday in Maryville on business.

Claude Cantwell visited Sunday with Dent Porter near Quitman.

Mr. and Mrs. F. C. Kelley and Mr. and Mrs. Ed Johnston spent Sunday with Mr. and Mrs. W. D. McDonald.

Mr. and Mrs. Mack Woods spent Thursday with Mr. and Mrs. Roy Hughbanks.

Miss Flora Talbert spent Saturday night and Sunday visiting in Quitman.

Mrs. Grace Jordan of Clarinda, Ia., visited last week with her mother, Mrs. Henry Porter.

Mr. and Mrs. John Anderson visited Sunday with Mr. and Mrs. Henry Porter.

The Rev. DeWitt, the new pastor of the Skidmore circuit, will preach at Centenary church next Sunday morning and night.

R. G. Brummitt and family of Maryville are moving into the Carl Turpin home near Centenary.

Mrs. Henry Porter, who has been seriously ill, is greatly improved.

Mrs. Sallie Davis, who has been visiting her son, Joseph Davis, and family, returned Wednesday to her home in Savannah.

## Admit Impropriety.

Dora Hamilton, Bertha Carter, William Jackson and William Williams were each fined \$5 and costs, amounting in all to \$11.10, in police court this morning on their confession to improper conduct last night.

Mr. and Mrs. B. C. Hall, living west of the city, left Monday for a three weeks' visit with relatives at Vevey, Ind.

## GOES OUT OF BANK

EAST SIDE IS FLOODED BY 102—STILL RISES.

## IS FALLING AT LINE

Bedford Reports Worst Is Past—Standstill At Hopkins—Train Service Not Impaired.

The 102 river left its banks again this morning east of Maryville on the west side of the stream and now is pouring from six to ten inches deep over the low pasture lands and corn fields. It is still rising here and at Pickering, and is at a standstill at Hopkins and is reported to be falling at Bedford.

W. E. Goforth, local agent of the Burlington, said this afternoon that the second rise of the 102 was not impairing the service on this branch much. All trains are said to be running, but on reduced schedule.

The municipal pumping plant here is in no danger so far from being flooded, according to H. W. Hillsabeck, chief engineer, this afternoon. The report that the river was falling at Bedford and was on a standstill at Hopkins, quieted the city officials considerable and the worst of the second rise is believed to have nearly reached here. Little damage to crops in the low lands is anticipated. It is believed the highest mark will fall several feet of that made last week.

### Nodaway Is Bank Full.

Burlington Junction reports that the Nodaway river there is just bank full, but is beginning to fall slowly. It also is reported to be falling a little above there. It latched between two and three feet of being as high as last week.

The height of the flood there was reached last night when it became bank full. The fall began early this morning. The Villisca branch is reported in good condition and all freight and passenger service is being maintained about on schedule.

Conception Junction reports the Platte is falling and that the rise of this week was a mere "baby" compared to that of the week preceding.

### Water Service Assured.

The 102 had risen one foot this morning and at 1 o'clock was continuing to rise slowly. It had risen about four feet since yesterday afternoon and was flooding some of the low lands on the other side of that stream. At no part has it flowed across the "state" road.

It latches about one and a half feet of going out over the west bank here and three or four feet of putting the pumping station out of commission, it is said. The installation of a new concrete wall on the east side of the plant to stop seepage has been delayed on account of standing water there. As soon as possible, however, the improvement will be made.

The west, and biggest, fork of the 102 river was said to be at a standstill at Hopkins at 2 o'clock this afternoon. The middle and east forks were said to be falling slowly.

They had overflowed some of the low lands, but lacked about three feet of being as high as last week. Pickering reported the river still rising, but at a slow rate.

An extra freight train is being operated each way today on the Burlington to relieve the freight congestion. No schedule is being maintained. This service will continue indefinitely or until the situation becomes more normal. Passenger trains are running late on account of track conditions.

Two construction trains now are working between Maryville and Creston.

### Leaves Hospital.

Hugh Strong, who has been at St. Francis hospital seriously ill for the past two weeks, is improved and was taken today from the hospital to the home of his sister, Mrs. J. L. Neal.

### Leave for Texas.

Mr. and Mrs. Lawrence Hunt and children, who have been visiting at the home of Mrs. Hunt's parents, Mr. and Mrs. C. Q. Smith, left this morning for their home at Nederland, Tex.

### Called to Parnell.

Mr. and Mrs. G. A. Fite left this morning for Parnell, called there by the illness of Mrs. Fite's brother-in-law, A. W. Keever.

### Visited in Maryville.

Mrs. Ed Johnston of Burlington Junction and her guest, Mrs. William Roseborough of Colorado, spent yesterday visiting friends in Maryville.

Under the present system of marketing farm products, it is possible that people in one part of the United States literally starve for the want of a product, while the same product in another part of the nation is wasting for want of a market.

J. C. Piper, of Elmo, was in Maryville yesterday on business.

## HOLD MARTIN FUNERAL.

Rites Held Yesterday Afternoon At Martin Home By Rev. Finch.

The funeral services for Willie Martin, the seven-year-old son of Mr. and Mrs. Edward T. Martin, who was accidentally shot and killed Sunday afternoon, were held at the Martin home at 2:30 o'clock yesterday afternoon, conducted by the Rev. R. L. Finch, pastor of the First Christian church. The pall bearers were four little playmates and were Crawford Martin, Robert Godsey, John Harrison and Marvin Westfall. Music was furnished by a quartet composed of Mrs. J. D. Richey, Mrs. Alpha Bishop, H. J. Becker and Mr. Finch. The body was interred in Oak Hill cemetery.

## SHIP TRAIN OF CATTLE.

Elmo Stockmen Sell 13 Cars At Good Prices.

Charles Lamar, E. K. Bailey and E. T. Bailey, stock raisers of the Elmo vicinity, accompanied by several helpers, returned to Elmo this morning from Chicago, where they went Saturday with a train of thirteen cars of cattle and one car of hogs for the market there. It was the biggest single shipment made out of Elmo this year.

All the stock are reported to have brought good prices. The shipment of cattle consisted entirely of two and three year old steers. Mr. Lamar's cattle brought \$9.65 a hundred, while others ranged about the same.

Six cars of the cattle belonged to Charles Lamar, four to William Lamar, two to E. K. Bailey and one to E. T. Bailey. Mr. Charles Lamar shipped the hogs.

Those accompanying the shippers to Chicago, all of whom returned this morning, were: Herman King, John Lamar, son of Charles Lamar, and Fowler Hamilton.

Another large shipment of cattle and hogs probably will be made from Elmo soon, it is said.

## WARD 4 RICHEST IN DOGS.

City Census Shows Smallest Revenue Comes From Third.

Ward 4 of Maryville, which includes the southeastern part of the city, has more dogs than any other portion of town, according to the enumeration made by Harold Sealeman, deputy city collector. Notices are being sent out this week to every owner of a dog in Maryville, who has not already paid, to settle for the dogs' permit to live.

Only a few owners have paid the required \$2 fee. This caused the city Saturday, to make all pay at once. Failure to do so is next thing to being defendant in a suit, city officials announce. Of the 112 dogs who still are running free, fifty-two have their abode in the Fourth ward, thirty-seven in the first, fifteen in the second and only eight in the third.

## FINISH PROBATE DOCKET.

Nearly 100 Settlements of Estates Due in November Term.

The docket of the probate court of Nodaway county for the November term, which begins November 9, is being completed today by Miss Mabel Hunt, probate clerk. So far ninety-two settlements of estates have been filed for the next term. It probably will reach the hundred mark when court convenes.

Few requests for the appointment of guardians or claims against estates are expected for the next term, by Probate Judge W. H. Conn. None have been filed yet. There will be few jury cases either, according to present indications.

There are four terms annually of the probate court here. They convene on the second Monday of February, May, August and November.

## MINERALS WORTH 2½ BILLION.

Annual Mine Productions Does Not Exceed Farm Crops, However.

The value of the mineral production of the United States now exceeds \$2,500,000,000 a year, according to the United States Geological Survey. Though this value falls far below that of the country's farm products, the magnitude and scope of our mineral industry may be best measured by comparing our own mineral production with that of other countries, none of which can compete with us in abundance or variety of mineral resources. The United States mines nearly 40 per cent of the world's output of coal and produced 65 per cent of the petroleum in 1914. Of the more essential metals, 40 per cent of the world's output of iron ore is raised from American mines, and the smelters of the United States furnish the world with 55 per cent of its copper and at least 20 per cent of zinc. These are the raw materials on which has been founded a great metallurgical industry, but on which can be built much more extensive chemical and metal-working industries.

## Home From St. Charles.

Mrs. Gallatin Craig returned Monday night from St. Charles, Mo., where she had accompanied her daughter, Laura, who has entered Lindenwood college for the winter.

## BLOW UP GERMANS

TWO TRAINS OF REINFORCEMENTS REPORTED KILLED.

## CAPTURES A DIVISION

General's Staff and Troops Become Prisoners—Przemysl to Russians—Prussian Invaders Falling Back.

(By American Press.)

London, Sept. 23.—The London Daily Mail's war correspondent states that he hears that two trains of badly needed German reinforcements have been blown up between Peronne and St. Quentin through a feat of French gunners. (St. Quentin is directly northwest of Rheims.) He also says that an entire general's staff and one German division have been brought prisoners to Amiens.

A Petrograd special to the Reuters Telegram Company says railroads leading into Przemysl are in hands of the Russians and that Austrians are falling back behind the forts. Intercepted dispatch shows that Przemysl was not prepared for a siege.

In eastern Prussia, the Russian troops are falling back in perfect order taking all their stores and wounded. What they are unable to carry, they are burning.

## GERMANS SINK BRITISH CRUISERS IN BOLD RAID

Three of Fleet Go Down From Submarine Attack.

London, Sept. 23.—Three British cruisers, Aboukir, Hogue and Cressy, are reported sunk in the North sea following a daring raid of German submarines. Two of the five attacking submarines have been sunk by the British, it is reported. The British ships which went down, while old and obsolete, were still useful in patrol work.

## SHOW GOOD PHOTOPLAYS.

"House of Temperley" and Gene Gauntier's Cast Draw Crowds.

Motion picture fans of Maryville were accommodated with an especially good bill at both the Fern and the Empire theaters last night in the form of prolonged parts. The Empire crowd saw depicted on the screen, in five parts, that famous masterpiece of Sir Arthur Conan Doyle, "Rodney Stone," reproduced under the name, "The House of Temperley." It is being presented by the London Film Company, quite new in Maryville.

The Fern audience enjoyed three reels of Gene Gauntier and Guy Coombs in "False Evidence" and "Through the Flames," respectively. A rich comedy closed the bill.

## Grant City Club Picnics.

The Commercial Club of Grant City are holding a picnic at the Houser and Verback park today. A bachelors' dinner and refreshments will be served by a number of women of that town. W. A. Jones of Kansas City, an author and lecturer, will deliver the principal address. Music is furnished by a local band. All schools declared a half-holiday this afternoon while the business houses closed shop for five hours.

## Will Leave for Wisconsin.

M. G. Tate will leave tomorrow morning for Conrath, Wis., to visit his brother, John Tate, and family. On his return, Mr. Tate will accompany his mother, Mrs. J. I. Tate, to her home at Lexington, Mo. Mrs. Tate has spent most of the summer at Conrath.

## Oregonian Visits Here.

William Clemens of Newburg, Ore., came to Maryville from Pickering this morning to visit friends and relatives in the city. Mr. Clemens, until forty-two years ago, lived in this part of Missouri, when he moved to the west. He will visit a cousin, Mark Baker, at Barnard, and George Hackett, another relative, near Pickering, most of the time while in the country.

## Buys Building Site.

Leonard Lynch, living west of the city, purchased two building lots in the Lyndhurst addition this morning. He expects to erect a fine, new residence in the spring. The sale was made by Holmes and Wolfert.

## Issues Marriage License.

A license to marry was issued by Recorder of Deeds J. Arthur Wray late yesterday afternoon to H. Peter Larson, 27, of Guilford, and Jennie May Nelson, 21, of Guilford. They are to be married today at Guilford.

### HAVE YOU CATARRH?

It's a Dangerous Disease—Hyomei Is the Effective Remedy.

Catarrh, which is indicated by sniffing, frequent colds and crusts in the nose is a serious disease and if not checked surely spreads to the delicate lining of the air passages, and frequently destroys the hearing.

To cure catarrh you must have something that will quickly reach the diseased tissues, kill the germs, and drive out the poison.

Hyomei is just such a remedy. Being a mixture of antiseptic oils that you breathe through a small inhaler its health-restoring medication cannot help going direct to the raw and inflamed lining of the nose and throat, quickly relieving that choked-up feeling, stopping the unclean discharges, and healing the sore spots—you breathe freely. Even the worst cases respond at once.

There is nothing for the treatment of catarrh that is easier, more pleasant or so satisfying as Hyomei. Great-Henry Drug Co. sells it on the "No-cure-no-pay" plan.

### STOPS HEADACHE OR NEURALGIA AT ONCE

Don't Suffer! Get a 10-Cent Package of Dr. James' Headache Powder and Get Rid of Pain.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache-relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

"The Laughing Stock" Today! During the long months of "watchful waiting" in Mexico, we were told by critics of the Wilson administration that American diplomacy was "the laughing stock of Europe."

British, German, French and Austrian political writers never tired of explaining how ridiculous was the attitude of the United States, and how certain it was to end in disaster.

Yet our much-derided American diplomacy solved the Mexican problem without a war, while one short week of European diplomacy has plunged Europe into the greatest conflict known to history.—New York World.

#### Plenty of Rain.

"We had some controversy in my neighborhood as to the exact amount of rain that fell during the last two weeks, but finally decided to throw up our hands, and call it enough, anyway," Russ Bilby of Quitman, said in discussing the condition of the ground. "No one can get into the fields to plow, and old, and dried up creek beds have been filled. Springs that had not flowed for years are now running."—Kansas City Drovers' Journal.

Get the difficulties out of the farmers' way and the farmers' problems will solve themselves.

### Uneeda Biscuit

Tempt the appetite, please the taste and nourish the body. Crisp, clean and fresh. 5 cents.

### Baronet Biscuit

Round, thin, tender—with a delightful flavor—appropriate for luncheon, tea and dinner. 10 cents.

### GRAHAM CRACKERS

Made of the finest ingredients. Baked to perfection. The national strength food. 10 cents.

Not Moment's Respite During Night Allowed Germans.

#### WAR SUMMA Y

Fighting on land has given way for the moment as a news factor to the daring raid in the North sea by five German submarine boats, which torpedoed and sank three British armored cruisers, the Aboukir, the Cressy and Hogue, and in turn lost two of their own number under the fire of the British guns.

In its daring, as reported by the British admiralty, the attack of the little plungers surpassed any naval maneuver of the present war. Of the aggregate normal personnel of 2,265 men carried by the cruisers, it is estimated that 700 were saved. Along the battle line in France reports indicate that while the fighting is still progressing, no great gains have been made by either side, and that the crucial period is still to come.

The Russians are reported to have taken the fortified town of Jaroslavl, on the San river, northwest of Przemyśl, from the Austrians, and a Rome dispatch credits the Montenegrins and Servians with having captured from the Austrians Sarajevo, capital of Bosnia.

Paris, Sept. 23.—Not a moment's respite was given during the night to the German forces entrenched along the ninety mile front running along the rivers Aisne and Oise and extending into the Woëvre district.

The German occupying the trenches kept constant on the alert, but until 2 a. m. no aggressive move was started from the allies' lines facing them. Then all the allied batteries seemed to open fire together and every point along the front became very active.

At the western end of the line the allied infantry gathered in the trenches, and simultaneously at various points crept out and advanced cautiously in wide open lines toward the German positions.

#### Hold Ground Taken.

The French and British on several occasions succeeded in surprising and driving back the occupants of the German trenches, but only after the most stubborn fighting and after heavy losses to both sides. In every instance the allied troops retained the ground captured and immediately dug themselves in.

Further east the Germans themselves developed a strong attack and, though beaten back with the bayonet, returned again and again. Finally they were driven off to their original position.

The allied commanders were able to give the troops who had been occupying the advance firing line a welcome rest, pushing to the front fresh brigades of batteries hitherto held in reserve and which were only too anxious to come into actual contact.

Military experts estimate that nearly 2,000,000 or more men are now in the zone where the battle has been in progress eleven days.

#### No Important Changes.

London, Sept. 23.—There have been no important changes in battle fronts in northern France. The opposing armies continue to gain a little here and lose a little there. These gains may tell in the long run, but have brought no decisive result for either side.

The French official report again lays some stress on the announcement that an advance is being made by the allies' left wing on the right bank of the river Oise, from which point both the public and the military experts look for first indications of how the battle is likely to end. A later report said the situation was unchanged.

#### St. Louis Man Slain at Marne.

St. Louis, Sept. 23.—Charles Abella, former assistant professor of architecture at Washington university, St. Louis, and a first lieutenant in the French reserves, was killed at the battle of the Marne, according to information received at the university.

#### GENTRY COUNTY Farm for Sale.

200 acres, \$65 an acre. Seven miles southeast of Darlington, five miles east of Ford City. It is known as the Bobby Richardson farm. The improvements are fair. 100 acres of plow land, 70 acres of blue grass, 20 acres of meadow, 20 acres of timber. The land pays good. Will make some terms. Write to James A. Roman, Ford City, Mo. Phone through Gentryville. 23-24

## NINE MILES OF DEAD IN TRENCHES

Right Wing of German Army Reported Turned.

London, Sept. 23.—The Daily Mail's correspondent reports that the German right wing has been turned between Peronne and St. Quentin. He says that during all night wounded have been arriving at an unnamed place. They report that there are nine miles of dead in the trenches between those two towns.

### WILL CLOSE WIRELESS

Daniels Won't Let Courts Interfere in Marconi Case.

Washington, Sept. 23.—Secretary Daniels of the navy department made it clear that he does not propose to allow litigation in the courts to interfere with the enforcement of the United States government of neutrality at all wireless stations.

Robert Ford, local representative of the Marconi company, called on Mr. Daniels and was shown a copy of the opinion by Attorney General Gregory setting forth that the president had absolute right to censor messages or close stations whenever he deemed it necessary for the preservation of the country's neutrality. Mr. Daniels had before him a telegram from the Marconi company asking that action on the alleged violation by the Siasconset station in receiving a message from the British cruiser Suffolk be postponed until the rights of the government could be determined in a suit prepared for the federal courts.

### SIX INJURED IN WRECK

Rock Island Passenger Train Derailed at Yale, Mo.

Kansas City, Sept. 23.—Six persons were injured when Chicago, Rock Island and Pacific passenger train No. 24 was derailed at Yale, Mo., twenty-five miles east of here.

W. L. Williams, engineer, and Fred Mayor, fireman, both of Elder, Mo., were fatally injured. It is believed. Four passengers, George Mullen of Chillicothe, Mo., and Arthur Anthony, J. S. Hamilton and Mrs. F. W. Paund, all of Kansas City, Kan., were injured.

Several hundred feet of the roadbed, undermined by heavy rains, gave way under the weight of the train, which was running at full speed. The engine, baggage car and one coach were overturned.

#### Cathedral Damaged Little.

Amsterdam, Sept. 23.—According to German papers received here the cathedral of Rheims suffered but slight injury during the recent German bombardment. These papers aver that no damage at all would have been done to the cathedral if the French troops had stayed away from it.

#### Greeks Going Home For War.

Sheboygan, Wis., Sept. 23.—Forty members of the local Greek colony left for Milwaukee, en route to their native land for war service. Twenty others left Chicago, all having received rush orders to return.

#### Returns From Princeton.

Washington, Sept. 23.—President Wilson returned from his trip to Princeton, N. J., to vote in the Democratic primaries there. He remained inside his private car throughout the return journey.

#### German Wireless Station Destroyed.

London, Sept. 23.—The destruction of the wireless station on the island of Nauru, removing the last German stationary wireless apparatus in the Pacific, is reported from Sydney, New South Wales.

#### Anacosta Reduces Dividend.

New York, Sept. 23.—The Anacosta Copper Mining company declared a quarterly dividend of 25 cents a share as against 75 cents last quarter.

The farmer is the directing head and operating hand of his business. He combines, directs and carries all responsibilities.

#### Novelty Dress Attracts.

A girl walked down the streets the other day and every man in sight turned to look at her. No, she did not resemble a living model of "September Morn." She was very decently dressed, her skirt was ample enough at the bottom for her to walk without balancing herself like a parrot on a perch; her waist was modestly made and did not expose any more neck and shoulders than was becoming, and you couldn't tell the complexion of her ankles because her hose were of sufficient thickness to hide them. In fact, she was so rare a specimen of modestly attired femininity that the men just couldn't help staring.—Lexington News.

#### Not Copyrighted.

It is said that President Wilson has been requested by at least four European sovereigns to give them his receipt for avoiding an "inevitable" war.—New York Evening Post.

The federal and state governments have been spending millions of dollars annually in urging the farmer to increase production, but little attention has been given to the marketing of the question.

#### LIVE STOCK MARKETS.

##### CHICAGO.

Cattle—15,000; market, slow; estimate tomorrow, 5,000.

Hogs—21,000; market, 5c to 10c lower; top, \$9.20; estimate tomorrow, 14,000.

Sheep—40,000; market, 10c lower.

##### KANSAS CITY.

## SOCIETY AND CLUBLAND

KATE SCHENCK  
Phones—Office 42 Home 683

### Ladies' Aid to Meet.

There will be a called meeting of the Ladies' Aid society of the First Methodist church at 2:30 o'clock Thursday afternoon at the church.

### Dinner Guests.

Mr. and Mrs. James Devine of Bedison were hosts at a dinner party when their guests were Mr. and Mrs. C. L. Evans of Maryville.

### Mayfred Donan Wray.

Mr. and Mrs. Walter Wray announce the birth of their daughter, Tuesday, to whom they have given the name Mayfred Donan.

### Rebekahs to Meet.

The Rebekah lodge will meet in regular session tomorrow night in the Odd Fellows hall. Plans for a social affair are to be discussed and all members are urged to be present. The meeting will open at 7:30 o'clock.

### Dinner Party.

Mr. and Mrs. A. J. Anderson of Grand avenue gave a dinner Monday when their guests were Miss Alice Pemberton of Union Star, Mo., Miss Martha Ellsworth of Skidmore, and Frank C. David of Chugwater, Wyo.

### Gives Luncheon.

Mrs. John Shonley entertained with a luncheon yesterday given as a courtesy of Miss Louise Koepfel of Nebraska City, who is a house guest of Miss Kathryn Kuchs. Covers were laid for Miss Koepfel, Miss Kuchs, the Misses Katherine and Teresa Shonley and Mrs. Shonley.

### To Attend Grand Chapter Meet.

Mrs. R. S. Braniger, worthy matron of the Order of Eastern Star, has been appointed to represent the Maryville chapter at the meeting of the grand chapter to be held October 1 and 2, at Kansas City. Several others from this city expect to attend. The appointment of Mrs. Braniger was made at a meeting of the chapter held last night.

### Compliment to Mrs. Lucas.

Mr. and Mrs. G. A. Wilson of East Second street were the hosts of a dinner party Sunday noon, given in compliment to Mrs. Wilson's sister, Mrs. George Lucas, and to celebrate the honored guest's birthday anniversary. Plates were laid for Mr. and Mrs. Lucas, Misses Alma and Virginia Lucas, Mrs. R. Gordon of Olathe, Kansas, Roy Wilson and the hosts.

### Mr. and Mrs. Bellows Hosts.

In honor of Miss Helen Marie Brink and Mr. Harold Hoonold Bellows, whose marriage will be a late September event, Mr. and Mrs. Fayette Bellows will give a dinner this evening at their home, 315 West First. Pink and white, the colors selected for the wedding, will be observed in the table decorations and appointments. A cluster of pink Killarney roses will center the dining table and the place cards will be a design of bellows in pink.

and will mark plates for Miss Brink, Mr. Bellows, Mr. and Mrs. C. D. Bellows, Mrs. George P. Bellows, Mrs. M. J. Hoonold, Mr. and Mrs. Dale Bellows, Miss Mildred Bellows, Fred Bellows, Charles D. Bellows, Jr., and the hosts.

### To Celebrate Birthday.

Mrs. Mary E. Dearing of Barnard celebrated her ninetieth birthday today. In honor of the event, her daughter, Mrs. Emma Kerfoot, entertained the other members of the family and a few close friends with a dinner served at noon. The company included beside the honored guest, two sons and their wives, who were Mr. and Mrs. N. G. Dearing of Hennessey, Okla., and Mr. and Mrs. J. A. Dearing of Burlington, Texas, and a daughter, Mrs. Bessie Tryune of Kansas, Mr. and Mrs. Michael Baker of Barnard, Mrs. Eliza J. Wood of Kansas City, Mrs. Lee Hubbard, Mr. and Mrs. Ed Kysar, Mrs. James Kysar and Mrs. Kerfoot.

### Surprise Party.

Mrs. J. W. Houghtaling of Bolckow was the honored guest of a pleasant surprise given for her Monday night by the members of the Bolckow W. C. T. U. The event was in celebration of Mrs. Houghtaling's seventy-fifth birthday anniversary and the guests presented her with a magnificent flower vase, Mrs. R. S. Richardson giving the gift with a pretty little speech of presentation. Mrs. Houghtaling's daughter, Mrs. C. A. McCoppin, of this city, went to Bolckow to be present and the other guests were Mrs. John French, Mrs. G. E. Bedford, Mrs. S. Carpenter, Mrs. L. E. Sargent, Mrs. Fred Swann, Mrs. J. L. Turner, Mrs. J. O. Dougan, Mrs. H. Sargent, Mrs. J. A. Clark, Mrs. J. Bowman, Mrs. R. S. Richardson, Miss Goldie McCoppin, Miss Clyde Tucker of Great Falls, Mont., Pearl Sargent and Rexford Carpenter.

### An Afternoon in Japan.

The Tourists of the Twentieth Century club started their year's study yesterday afternoon with a social meeting, "Just Japan," at the Normal building with Mrs. T. L. Wadley, Mrs. G. E. Roseberry and Mrs. G. H. Colbert as hostesses, which proved a unique and unusual affair. On arrival, the members and guests, about thirty in number, were conducted through the spacious corridors by little girls in the native costumes to a truly Japanese room, with its fragrance impregnating the atmosphere and the bevy of characteristically beautiful Japanese girls greeting them with that low graceful bow and "Will the lady condescend to enter our abode?"

The chairman of the department, Mrs. Wadley, opened the meeting with some very appropriate and timely remarks, followed by Mrs. Colbert, chairman of the program committee, who explained the plans for carrying on the year's work to the delight of every member.

Upon request the ladies were seated in an adjoining darkened room and a glimpse of "Just Japan" was thrown on a canvas and explained by Mrs.

Colbert, in her usual clever manner, showing the beautiful scenery, her cities, her villages, rice and tea plantations and silk factories, commencing with the feeding of the species of caterpillar and the farming of cocoons within which the worm is enclosed, up to the most modern and Americanized factory. Also an interesting series of pictures was the wooing, courtship and marriage of a Japanese couple, which completed this very interesting and instructive part of the program. A most charming Japanese dance was given by Mrs. H. B. Schuler and Mrs. Arthur Brewer. The serving of a Japanese lunch in its true style closed this realistic program, and the delighted audience came back to America with a thud.

## 3 BRITISH WARSHIPS ARE SUNK

Sent to Bottom by  
Submarines.

## 2 GERMAN BOATS SUNK

London Bureau Tells of Disaster  
In North Sea.

## SEVEN HUNDRED ARE RESCUED

Thirty Officers Saved From Water  
and Brought to Harwich.

London, Sept. 23.—The British warships Aboukir, Hogue and Cressy have been sunk in the North sea by submarines, according to announcement given out by the official bureau. Continuing, the announcement says that a considerable number of the crews of these vessels were saved by H. M. S. Lowestoft and by a division of torpedo boat destroyers. Trawlers and their boats also aided in the work of rescue.

The Aboukir was torpedoed first. The Hogue and the Cressy drew in close to it and were standing by to save the crew when they were also torpedoed.

The Cressy, Captain Robert W. Johnson; the Aboukir, Captain John E. Drummond, and the Hogue, Captain Wilmet S. Nicholson, were sister ships. They were armored cruisers of a comparatively obsolete type. Each one had a complement of 755 men, including officers and crew.

A dispatch received here from the Hook of Holland says the Dutch steamer Tilton has arrived there, bringing twenty British wounded and some dead, picked up in the North sea after the sinking of the British cruisers Aboukir, Hogue and Cressy.

Seven Hundred Men Saved.  
Harwich, England, Sept. 23.—It is computed here that 700 men from the British cruisers Aboukir, Cressy and Hogue were saved.

Eighty other survivors were landed at Parkstone quay, three miles west of Harwich.

Two of five German submarine boats which attacked and sank the Aboukir, Cressy and Hogue were sent to the bottom by the British ship according to survivors from the cruiser who arrived at Ymuiden, Holland.

It is a well known paradox that the larger the crop the less the value and a stimulant to production without corresponding aid in marketing loses much of its worth to agriculture.

The nation is fast awakening to the fact that marketing, and not production, is the problem of the farmer.

The farmer cannot be helped until he organizes and the government cannot help the farmer except through organization.

The farmer sells at prices fixed in free trade markets and buys everything he wears and uses in a high protective market.

Values up to \$1.50 the yard.....65c

## Madam—Is Your Underwear Form-Fitting or Straight Lines?

The illustrations above tell their own story.

One—the usual form of knit underwear for women—cut on straight lines at shoulders, sleeves and armholes, stretched into shape by the wearer.

The other—Athena Underwear—tailored into shape by the maker. The slanting downward of the shoulder and sleeves shapes the garment to the correct lines of the wearer. Full bust and tapering back.

### SEVEN SPECIAL FEATURES ASK TO SEE THEM

**THREE-CORNERED GUSSET**—Relieves strain in garment at thigh. Insures greater comfort, longer wear.

**PATENTED SEAT**—Most notable improvement ever made in underwear designing, so shaped that it clings to the figure in any position.

**PERFECTED SHOULDER-STAY**—Keeps garment from stretching across shoulder, and holds sleeve in place.

**CURVED-CUT ARMHOLE**—Brings the garment snugly to the body, without unnecessary cloth, causing uncomfortable perspiration and tearing the armhole of one's best frock.

**FITTED SHOULDER AND SLEEVE**—Give natural form to bust and proper tapering to back.

**EXTRA-ELASTIC CUFF**—Holds the sleeve in place and keeps it from slipping up on the arm.

**ATHENA LOW-NECK SLEEVELESS GARMENT** is narrowed at back, with extra-full bust—lower in front than at back. No slipping of shoulder-straps down over arms.

And Athena Underwear costs no more than ordinary underwear

# Great Majestic Ranges

ONE WEEK  
ONLY

September 28 to October 3, 1914

ONE WEEK  
ONLY

## SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here or a special set of ALUMINUM WARE.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

## WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove.

You KNOW that old stove eats up a lot of fuel each year.

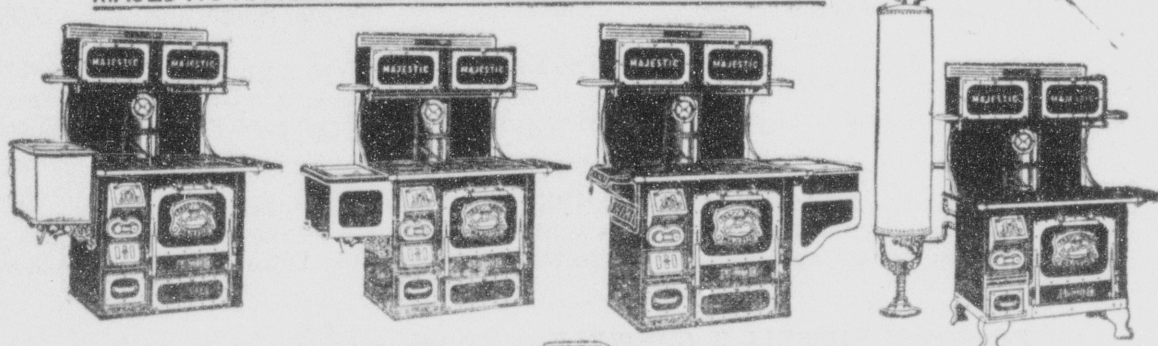

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

## THE GREAT MAJESTIC Malleable and Charcoal Iron RANGE

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a removable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (breads bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

## MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

## ON LEGS IF DESIRED

## Or A Special Set of Aluminum Ware

# FREE

## CHILDREN

**100 SOUVENIR DAY  
TANGO HOOPS FREE**

The first 100 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p. m. TUESDAY, written answers to the following questions, will receive a "TANGO HOOP Souvenir" FREE.

- 1—What range is your mother now using?
- 2—Do you know anyone needing a new range? Who?
- 3—Why should the GREAT MAJESTIC RANGE be in every kitchen?

## \$1.00 ARTICLE FREE

The one giving nearest and best answer to the last question may select any \$1.00 article from our stock, in addition to the SOUVENIR.

Don't be discouraged if you are not one of the 100 to get a Tango Hoop Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

Don't fail to get one of these Tango Hoops. It's a new and wonderful toy—amuses the old as well as the young. The Hoop dances forward, hesitates and returns to the operator. Children, it's great, and will be the talk of the town.

Be sure to have your answers ready to hand in at our store TUESDAY AFTERNOON, between 3 and 5. They must be written answers—OTHERWISE YOU WILL NOT get a souvenir.

## SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come in if You Intend to Buy or Not  
EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

Don't Overlook The Date. This is a Special Invitation to You and Your Friends and Neighbors

Office over Maryville National bank  
Maryville, Mo.

There is not enough of the community spirit among some rural districts.

The waste of effort through impractical methods of farming is the greatest tragedy of the age.

Kodaks and supplies at Crane's.

Fall class is now starting on all

French & Grammer

Spends Day At Imogene.

Mrs. E. L. Ferritor went to Imogene, Ia., this morning to spend the day visiting friends.

Co-operation between practical farmers and proficient business men will eliminate ignorance and prejudice.

Something is wrong in our market system when a small crop brings more money than a bountiful one.

The nation's menu must be made up from the fields, pastures, orchards and gardens, and to farm intelligently the farmer must know what is needed.
